## 1st Announcement and Call for Papers

# 11th International Symposium on Turbulence, Heat and Mass Transfer Tokyo, Japan July 21–25, 2025

The 11th symposium will again assemble scientists and engineers in the area of turbulence, heat and mass transfer to discuss recent advances, emerging challenges and future prospects in research and applications. Major topics and new trends will be addressed by invited keynote speakers.

This 11th THMT follows the previous symposia held in Lisbon (1994), Delft (1997), Nagoya (2000), Antalya (2003), Dubrovnik (2006), Rome (2009), Palermo (2012), Sarajevo (2015), Rio de Janeiro (2018), and Rome (2023).

**DEADLINE** Abstracts submission: November 30, 2024

## ORGANIZING COMMITTEE

**K. Suga**, Chair  
*Osaka Metropolitan University, Japan*  
**M. Tanahashi**, Co-Chair  
*Tokyo Institute of Technology, Japan*  
**K. Hanjalić**, Founding Honorary Chair  
*Delft University of Technology, The Netherlands*  
**K. Iwamoto**, OC-Secretary  
*Tokyo University of Agriculture and Technology, Japan*

### OC Members

**S. Benhamadouche**, EDF Paris, France  
**D. Borello**, Sapienza, University of Rome, Italy  
**T. J. Craft**, The University of Manchester, UK  
**S. Girimaji**, Texas A & M University, USA  
**W.-X. Huang**, Tsinghua University, China

### Executive Committee

**M. Tanahashi**, Chair  
*Tokyo Institute of Technology, Japan*  
**K. Iwamoto**, Secretary General  
*Tokyo University of Agriculture and Technology, Japan*  
**Y. Hasegawa**, The university of Tokyo, Japan  
**H. Hattori**, Nagoya Institute of Technology, Japan  
**T. Tsukahara**, Tokyo University of Science, Japan

**S. Jakirlić**, Darmstadt University of Technology, Germany  
**R. Manceau**, CNRS-University of Pau, France  
**S. V. Poroseva**, University of New Mexico, USA  
**A.P. Silva Freire**, Federal University of Rio de Janeiro, Brazil  
**R. Vinuesa**, KTH Royal Institute of Technology, Sweden  
**B.-C. Wang**, University of Manitoba, Canada

- Experiments, techniques and theories on scalar transport in forced, natural and mixed convection
- Numerical simulations/modelling of turbulence, heat and mass transfer: DNS/LES, hybrid RANS/LES, DES, PANS, PDFs, (U)RANS
- Turbulence, heat and mass transfer control and augmentation
- Unsteadiness, transients, and effect of body forces in turbulence, heat and mass transfer
- Heat and mass transfer in compressible and high-speed flows
- Two-phase flows, effects of turbulence in particulate, droplet and film heat and mass transfer
- Turbulence, heat and mass transfer in reacting flows; turbulence-radiation interactions
- Environmental and geophysical flows and transport phenomena
- Utilization of heat and mass transfer in energy, process and environmental technologies
- Turbulence, heat and mass transfer in biological and biomedical flows
- Turbulence, heat and mass transfer in material processing, in MHD, and other special applications

# CALL FOR PAPERS

Authors are invited to submit electronically an extended abstract of 2-4 pages with supporting illustrations as appropriate, to the website [www.thmt-25.org/](http://www.thmt-25.org/) section Paper Submission.

## IMPORTANT DATES

- Receipt of abstracts: November 30, 2024
- Notification of acceptance: February 28, 2025
- Final manuscripts submission: April 30, 2025
- Symposium in Tokyo: July 21–25, 2025

## PROCEEDINGS

The keynote and all accepted papers will be accessible to the registered participants. The proceedings containing copy-right transferred contributing papers will be published after the symposium by Begell House Inc., New York (indexed in Web of Science and Scopus citation databases). We also accept OA papers which will not be published in this formal proceedings. The Organizing Committee, assisted by the members of the Scientific Advisory Committee, will review all submitted papers to assess their suitability for presentation at the symposium. We plan to publish selected papers presented at the Symposium in special issues of the **Flow, Turbulence and Combustion** journal and in the **Int. Journal of Heat and Fluid Flow** after the Symposium.

## REGISTRATION FEE\*

- Early registration<sup>†</sup>: 132,000 JPY
- Late registration: 143,000 JPY
- On-site registration: 154,000 JPY
- Students (early bird<sup>†</sup>): 77,000 JPY
- Students (late): 88,000 JPY
- Students (on-site): 99,000 JPY
- Accompanying persons: 38,500 JPY

\* At least one standard/student registration is required for each presentation.  
† Before April 30, 2025.

The fee covers the symposium proceedings (electronic format), refreshments and the social programme (receptions and symposium banquet; see website for details). The registration fee for accompanying persons covers participation in the social programme.

## SYMPOSIUM VENUE

**BELLESALLE Ariake Conference Center**, 2-1-5, Ariake, Koto-ku, Tokyo, Japan.

The Center is nestled along Tokyo Bay in the vibrant Ariake district. The center is just minutes from Ariake Station (Yurikamome Line), with excellent access to central Tokyo. Nearby attractions include upscale hotels, shopping malls, and diverse dining options. The Center is approximately 40 minutes from Tokyo Haneda Airport (HND) and 75 minutes from Tokyo Narita Int'l Airport (NRT).

## SCIENTIFIC ADVISORY COMMITTEE

Y. Hasegawa, Japan (Secretary, Asia/Pacific)  
P. Venturini, Italy (Secretary, Europe/America)

S. Fu, China
